WAS REAL MISTAKE

Work of Collection for Poor Here is Interrupted

SALVATIONISTS WORK

On the assumption that the Associated Board of Charities of Charleroi was not doing its duty and was being imposed upon a man representing himself a Salvation Army worker spent a week here getting imposed upon if accounts are correct, while imposing on others. His course was run Wednesday night when he was before Burgess Risbeck. This morning the man is said to have left town.

When the man came he inquired of the poor board concerning their work. Then he undertook some investigation on his own hook, stating that he had some clothing to dispose of. This might have been all right but instead of merely hunting up worthy cases and giving them clothing, he began to solicit funds, telling that the poor board was not accomplishing its work. As a matter of fact it is stated some of the persons to whom he went represented themselves as needy, when they really were not, having been helped by the charities board to the extent of their needs.

Pursuing objectionable plans the the Salvation army man labored and accomplished nothing worth while, while tearing down the good name and fame of the charities board. He was requested to tell his story to Burgess Risbeck and acquiesced. Members of the Associated Board of Charities were present. His methods were discovered and he was confronted with statements of his questionable behavior. Burgess Risbeck told him in no uncertain terms that his misrepresentation of facts had put the Associated Board of Charities in a bad light. Other members of the

CALIFORNIANS HELD FOR CICERO MURDER

Grand Jury Returns Indictments in Case From Christmas Killing---Three Are Now In Jail

True bills were returned by the grand jury at Washington Wednesday afternoon in the charges of murder against the Italians who participated in that fight on Christmas morning at Charles Darben's place of business, California, resulting in the death of Santo Cicero and Frano Genoa. Cicero was ound dead in the room where the fight occurred some time afterwards. Genoa died later in a Pittsburg hospital. Three of the parties present during the fight, Darben, his wife, and another Italian, were traced across the United States and finally arested at Straitor, Ill., and brought back to the county jail, where they are now confined.

Mike Ruffalo, of Washington, entered a plea of guilty to the charge of selling liquor without license and on Sunday. His attorneys asked the court that in sentencing the defendant that the sentance on the two charges be allowed to run concurrent. Ruffalo is employed by the Hazel Atlas Glass company, and the liquor he sold, it was said, was simply an accomodation to a few friends. It was also stated that the defendant has a family depending on him, his wife having just recently became a mother. The court said the defendant should have thought of his family before he went into the business, but granted the request, and the sentences imposed were allowed to run concurrent. He was fined $500 and costs and three months in jil for selling liquor without license and $50 and costs and 20 days in jail for selling on Sunday.

The grand jury disposed of a number of cases Wednesday. The work for the week is being rapidly disposed of.

DUNBARS GIVE INTERESTING ENTERTAINMENT

Singers, players and bell ringers of a class above the ordinary, the Dunbar male quartet appeared in a most entertaining recital at the Methodist Episcopal church Wednesday evening as one of the attractions on the Charleroi Citizens' Entertainment course. A program rich in numbers well calculated to most please the ordinary run of audiences was presented. The frequent applause greeting the efforts of the young men attested to their popularity.

The quartet could sing. In fact their vocal work was a distinct feature. Only two or three pieces of classical music was attempted by the quartet for vocal rendition, but what were attempted were handled. In dramatic action in the comedy encore parts they made their biggest hits. The crowning feature of the recital judging from applause was nothing more or less than a burlesque of a symphony orchestra's recital.

The two best numbers from a musical standpoint were instrumental numbers. One of them was a violin solo by R. E. McConnell and the other was a trio arrangement for the violin, cello and piano, of the Evening Star overture from Thanhauser. Mr. McConnell rendered "Meditation" from Massenet's noted opera, "Thais." J. M. Wood was the cellist. He gave as a solo number a Hungarian combiposition.

"Narcissus" by Ethelbert Nevin was the first number played with the bells. It was delightfully rendered. For an encore the quartet rendered "Onward, Christian Soldiers." J. A. Nesbit, pianist, chose a strong number for a piano solo and played it exceedingly well. When encored he perpetrated some ragtime that seemed to be all the more enjoyed.

The closing number was a combination bell and vocal rendition of the old hymn, "Jesus, Savior, Pilot Me." It was one of the best of the entire evening. Taken all in all the quartet furnished an evening of unusual enjoyment. The members of the organization are capable and what more could be said.

The fancy work circle of the W. A. Presbyterian church will have a cake sale on Saturday afternoon, Feb. 8, 1912, at Mrs. Emma Dawson's, 508 Fallowfield avenue. 1666t2

V. E. Reeves has returned to East Palestine, Ohio, after visiting his parents, Mr. and Mrs. J. L. Reeves on Fallowfield avenue.

OFFICERS OF ELECTION ARE PAID IN FULL

Warrants were drawn Wednesday approved by all the commissioners and by the county controller, for the payment of the official election return board for the last November election and their clerks. The warrants drawn call for considerable less than the bill turned in by the official return board.

It will be recalled that the board was busy on the returns for eight days. They turned in a bill for $250. The controller has cut this down to $80, or $40 each for the two members of the official return board. John W. McDowell and Woodward W. Taylor were those officially appointed by the court to count the vote.

The clerks were W. E. Welch and John C. Judson. They returned a bill of $60 each, for six days' work. Their pay is cut down to $30 each. The amount allowed the men, who served on this return board, is $5 a day, which Controller Moffitt says is that paid by the state per day, and that the state will not pay a cent more. The bills as cut down are approved by all the commissioners. The matter has been held up since last November.

Charleroi Man Hurt.

C. C. Crill of Fifth street was slightly injured at the Pittsburg Steel mill at Monessen Wednesday night while at work in the billet yard. Mr. Crill was employed at his regular duties as shipping clerk when he was accidentally struck by a pipe and knocked down. He sustained a few cuts, but word was this morning that he would be able to be about in a day or two.

Fire Alarm; Chimney Fire

Scare Only Damage Wrought by Small Blaze at Fallowfield Avenue Home

The firemen were called out between 8 and 9 o'clock Wednesday night by an alarm of fire from near Eighth street on Fallowfield avenue. As on the previous night when a broken hose connection caused some excitement, the scare was the sum total damage. The fire was nothing more nor less than a chimney burning out. No damage was done, and the firemen did not evenhave to travel the entire distance to the place.

TO PRESENT ORDINANCE

Westside Street Railways Seeking Rights of Way

FOR LINE EXTENSION

An ordinance will be presented to council at their regular adjourned meeting tomorrow night by the Westside Electric Street Railway company asking for rights to use certain streets, avenue and roads in Charleroi for the purpose of its railway system. Extensions are planned by the company on its line through to Bentleyville. Right granted by the ordinance according to the ordinance to be presented will be forfeited if cars are not running within two years.

The plans are to begin at the intersection of First street and Fallowfield avenue and to traverse through private property to and across a public road leading to Speers borough; thence over private property to and across a public road leading to the borough of Twilight; thence over private property to the western borough line of Charleroi. The Westside company offers to construct its railway at the grade adopted by the borough for the streets it will occupy and repair and maintain in as good condition as the continuous portions of streets.

Will Give Dance.

Arrangements are being made by the Colonial club of Belle Vernon for a mid-winter dance to be held in the Iroquois hall, at that place on Friday, February 7. Special cars will be run to Monessen and Charleroi and preparations are being made to entertain at least 75 couples. A Pittsburg orchestra has been engaged.

Proposed Amendment Gets Large Majority on First Test

GOES TO SENATE NOW

Upper Body of State Legislature to Consider Matter --Other Bills Taken Up

Harrisburg, Feb. 6.—After some lively debating and warm speeches for and against, the house voted by a majority of 131 to 70 to submit the amendment for woman suffrage. If the senate passes the bill and the legislature of two years hence again approves, the question will go to the voters in 1915.

Many women were present in the gallery when the vote was taken, and greeted the result with a Chautauqua salute. Among the 170 affirmative votes were practically all of the Democrats, all of the Progressives, and some of the regulars. A majority of the Philadelphia delegation voted against the measure, and 16 of the 24 from Allegheny county voted for it. Speaker Alter voted negatively. Brownlee, Post and Carson of Washington voted for the bill.

The proposed mother's pension bill is being vigorously attacked, many women opposing the measure. Senator Joe Thompson, of Beaver who is an athletic coach, and therefor opposed to the smoking of cigarettes, has presented a bill in the senate to make it a misdemeanor for minors to smoke cigarets. Minors caught smoking can be fined $5 or given five days in jail if they refuse to tell where they got their cigarets.

Representative John Lowers of Allegheny county presented a resolution in the house authorizing the appointment of a commission to investigate the labor troubles at Rankin. The Ways and Means committee reported negatively on the bill to repeal the mercantile tax. The legislature will adjourn tomorrow until Monday.

MISSION WORKERS DISCUSS CHINA

The Woman's Foreign Missionary society of the Methodist Episcopal church was entertained Wednesday at the home of Mrs. J. F. Laird who was assisted by Mrs. Della Halstead and Mrs. Jennie Jolliffe. The greater part of the afternoon was devoted to the study of "Education in China." Mrs. A.R. Mountsier very ably discussed the third chapter of the textbook, "China's New Day." "Our Leading Schools in China" was given by Mrs. W. R. McKean. A leaflet entitled "Bright Bits From School Exepriences" was read by Mrs. F. J. John and Mrs. C. R. Trew read "A Flying Journey to Haitang." Several new members were received.

SOMETHING TO TAX.

One of the anomolies of the times when congress or the state legislature is in session is the eternal quest of some of the members for something more to tax. These members seems to labor under the delusion that a constantly increasing public revenue is necessary in order that appropriations may be made just to spend it. Under this policy the present revenues are usually disbursed up to the limit, and if there are more public perquisites there must be more taxation of the people.

The latest addition to the source of taxation is a federal income tax. The rate is yet to be fixed by congress. It is presumed that it will begin with incomes above the limit that will be burdensome to working people, yet there is a possibilty, with the privilege to tax incomes, that in times of government stress it may be applied impartially to all, just as was the stamp tax during the civil war. In addition to this the various states have been flirting with the income tax, and Wisconsin already had this system of taxation in operation before the amendment ratifying the income tax of the federal government became operative. It is posisble that our own state later on, if it keeps appropriating money lavishly at each session of the legislature, may, in its extermity for something more to tax, adopt a state income tax. In such a case it would begin lower down in the scale than the government income tax.

To the plain people it would appear that the way to increase public revenue is to cut down on the expenditures. Representatives should be taught that they have something more to do than voting appropriations that must come out of the hides of the taxpayers. In Switzerland, where they have direct government, the citizens are averse to paying unnecessary taxes, and the small legislatives councils the people elect to perfrom the business of the government are as careful as the managing board of a successful private corporation. Each members is paid by the day, and if he is not on the job he is docked for all lost time. In that country public revenue is increased by not spending it unnecessarily.

It may be that in the course of time we will need more revenue in this state, but just now the way to increase the state income is to cut down unnecessary appropriations and to insist that every dollar spent in the public service brings full value received.

THE DIVINE RIGHT.

From the time that the Stuart line of sovereigns in England advocated the divine right of kings, and Louis XIV of France announced "I am the State," the fallacious idea that one class of men is more divinely constituted to govern than another has permeated all classes of society. This was unfortunately manifested in the framing of our own federal constitution, and patterned after by our state constitutions, which debars the people from direct rule in that which most concerns them.

Just now this divine right idea—a relic of barbarism—is manifested in the unreasoning opposition to civic, social and intellectual progress. No more typical example was shown than the position of Representative Baldwin of Delaware county, who in a speech in the state legislature this week denounced the proposition to elect United States senators directly by the people. With all the sang froid of a Stuart or a Louis XIV Representative Baldwin announced that he knew better what the people wanted and ought to have than they themselves. His attitude is the same as that which opposes, the initiative, the referendum and the recall, woman suffrage, home rule for municipalities and all the progressive ideas which now prevail. He and his fellows are tainted with the divine right of kings idea and are typical representatives of the class that firmly believes that the people cannot rule themselves.

Like the old Bourbons of France who "forgot nothing and learned nothing," this class is struggling futilely against the waves of progress. Long repression inevitably gives way to expression, and that is what is happening at this particular time. The Bourbons will make a hard fight, but in this as in the past, history will again repeat itself.

PICKED UP IN PASSING

The Brownsville correspondent of the Uniontown Herald relates the following example of "high finance," which came under his observation:

Well can I remember when several years ago I purchased 15 cents worth of seating capacity in the old Bijou theatre in Pittsburg and feasted my "glims" upon "Paid in Full." The title of that bloody melodrama might be an appropriate title for the following story which is going the rounds.

In a certain town along the Monongahela river there are plenty of young fellows who mingle with the colored folks and crap games, not to mention poker sessions which vary from penny ante to the blue azure limit. In this town is a fellow who made a habit of paying his gambling debts with checks. Invariably these checks would not be honored at the cashier's window.

The aforesaid Mr. Bumchecker mingled with the colored folks one evening about five months ago and when he arose from his knees (the correct attitude of all good "naturalists") Mr. Bumchecker was indebted to Mr. Dark, a colored boy, to the extent of $60. The check proved to be of the N. G. variety.

Now just shift your imagination along about five months minus two days. The session was at an end and Mr. Bumchecker arose from the card table a winner. Mr. Goodfellow owed Mr. Bumchecker just $57, lost in the final hand in backing a queen "fly" against "two pairs of sevents."

"I'll give you a check for that $57 in the morning," said Goodfellow. "That's all right," replied Bumchecker, "your credit's good."

It"s morning now. Goodfellow is down street bright and early. He is waiting for Mr. Dark, the colored lad with the worthless $60 check. Finally Dark puts in an appearance. After a little parley, Goodfellow buys the worthless check which had been issued by Bumchecker for ten dollars. The check was so badly worn that it had to be pasted together.

Then Goodfellow proceeded to find Bumchecker in order to settle the $57 debt. Approching Bumchecker. Goodfellow said "Let me have three dollars ,I have a check here for $60 and you give me the $3 difference and the check is yours." Bumchecker "fell" at once. After Goodfellow had received the $3. he handed Bumchecker the worthless $60 check, saying, "This check must be O. K. because you wrote it."

Figure it out Paying a $57 debt for $7. What is it. "High Finance" or "Paid in Full"?

TWO WOMEN SAVED FROM OPERATIONS

By Lydia E. Pinkham's Vegetable Compound—Their Own Stories Here Told.

Beatrice, Neb.—"Just after my marriage my left side began to pain me and the pain got so severe at times that I suffered terribly with it. I visited three doctors and each one wanted to operate on me but I would not consent to an operation. I heard of the good Lydia E. Pinkham's Vegetable Compound was doing for others and I used several bottles of it with the result that I haven't been bothered with my side since then. I am in good health and I have two little girls."—Mrs. R. B. Child, Beatrice, Neb.

The Other Case.

Cary, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation, but my husband thought I had better write to you and I did so, stating my symptoms. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your Vegetable Compound."—Mrs. Hayward Sowers, Cary, Maine.

OVER THE COUNTY

Cross Roads Chickens Win Prize.

S. J. Hunter of Cross Roads made a clean sweep with his Golden Laced Wyandottes at the Monongahela poultry show last week, getting first, third and fourth hen, first, second and third pullet, first cock and first and second cockerel. Mr. Hunter has entered his chickens in the Canonsburg show.

Record Calf at Hickory.

A calf weighing 95 pounds at birth is the record of a 2-year-old heifer belonging to Herman Kreikeymeyer, a well known dairyman of Hickory. This is an unusually large calf as most of veal calves at the age of four weeks will not weigh much over this.

Rural Schools in Good Shape.

The latter part of last week Superintendent L. R. Crumrine visited schools in East Bethlehem and Fallowfield townships. Mr. Crumrine reports that the work of the teachers of Fallowfield township is in the main satisfactory. He was pleased to see teachers conduct recitations without the text book in hand, and says that throughout the county there are more instructors who teach from a general knowledge of the subject matter of the lesson.

The teachers of East Bethlehem township while doing excellent work in the schools have been handicapped owing to an epidemic of measles and scarlet fever which has prevailed among the pupils. The third of a series of institutes arranged by Superintendent Crumrine this winter will be held at Midway on Friday, February 14.

Institute a Great Success.

The farmers institute at West Alexander last week was largely attended by the nearby farmers, and the managers are to be complimented for the success attained. Every speaker engaged, was on hands and made good, while the "home talent" also filled their parts without a default.

If the farmers did enjoy the institute, not all the farmers' horses seemed to appreciate it. In fact one good farmer and his wife were compelled to borrow a lantrn and foot it two miles home, after the institute adjourned Thursday night, because their horse and buggy were gone, not waiting for adjournment. They were relieved of the fear that their horse and rig were stolen on their arrival home, by finding the horse, with the buggy still attached to him, but turned over on its side and the horse grazing peacefully in the orchard.

Farmers to Co-operate.

Many farmers in the vicinity of West Alexander are interested in the Producers and Consumers Dairy company, which has been organized in Wheeling, and which will handle the products of farmers of the western part of Washington county as well as of those in the near section of West Virginia. The concern is nearly ready to do business.

PROPOSED ORDINANCE.

Notice is hereby given that the following ordinance will be presented to the Borough Council, of Charleroi, for their consideration, on Firday, February 7, 1913.

ORDINANCE NO.....

Granting unto WESTSIDE ELECTRIC STREET RAILWAY COMPANY, its lessees, successors and assigns, the right to enter upon, use and occupy certain Streets, Avenues and Roads in the Borough of Charleroi, for the purpose of its railway.

Section, 1.—BE IT ORDAINED AND ENACTED by the Burgess and Town Council of the Borough of Charleroi, and it is hereby ordained and enacted by the authority of the same that the consent of the said Borough is given to the WESTSIDE ELECTRIC STREET RAILWAY COMPANY, a corporation organized and existing under the laws of the State of Pennsylvania; its lessees, successors and assigns to enter upon, use and occupy for the purpose of its railway the Streets, Avenues and Roads of said Borough of Charleroi hereinafter méntioned, and to construct, maintain and use for the term mentioned in its charter a single or double track street railway thereon, and the right to use electricity and other motive power than animal or steam on the whole or any portion of its line, and also to erect, maintain and use on said Streets, Avenues and Roads overhead or other electric system for the supply of motive power, and to erect thereon such poles and other supports as said company may deem necessary for the support of such overhead system and to complete the electric circuit by suitably connecting the rails of the road at their ends, or connecting the rails by supplementary ground wires.

Section. 2—The Streets. Avenues and Roads to be traversed are to be as follows: BEGINNING, at the intersection of First Street and Fallowfield Avenue; thence through private property to and across a Public Road leading to Speers Borough; thence over private property to and across a Public Road leading to the Borough of Twilight; thence over private property to the Western Borough line of Charleroi.

Said WESTSIDE ELECTRIC STREET RAILWAY COMPANY shall forfeit all rights granted by this ordinance, unless it shall have cars running thereon within two (2) years from this date.

Section, 4.—The consent of the Borough of Charleroi granted in the preceding section is upon the following conditions, to-wit: FIRST, that the WESTSIDE ELECTRIC STREET RAILWAY COMPANY, its lessees, successors and assigns shall construct its railway at the grade adopted by the borough for the Streets upon which the said railway is to be constructed and operated, and shall repair and maintain in as good condition as the contiguous portions of said street or streets, and with a like material, all streets or parts of streets occupied by said company at crossings or otherwise under this ordinance. SECOND; The said Company shall within (30) days after the passage of this ordinance file with the Clerk of the Borough its written certificate of acceptance of all the conditions and provisions of this ordinance, under the corporate seal duly attested by its President and Secretary, together with a certified copy of the resolution of its Board of Directors authorizing the execution and delivery of said certificate, and in case of default or failure so to do, said company shall acquire no right whatever under this ordinance, and this ordinance shall be null and void. THIRD, That all expenses incident to the enactment of this ordinance shall be paid by the WESTSIDE ELECTRIC STREET RAILWAY COMPANY. FOURTH, That all ordinances or parts of ordinances in conflict with this ordinance, be and that the same are hereby repealed.

INDIGESTION FIVE YEARS

Relieved By Vinol.

Strength and even life itself depends upon the nourishment and proper assimilation of food and unless digestion is good the whole body suffers.

Mrs. L. D. Cook, Vineland, N J says: "I was sick five years with indigestion. My stomach seemed to have a heavy load in it and at other times it seemed to be tied in knots. Nobody knows how I suffered.

"I tried a great many doctors and a great many kinds of medicine but nothing did any good until I took Vinol. It has helped me wonderfully I am improving fast, feel better and am getting my flesh back again. Vinol has done me a world of good."

FIRE PROTECTION OF CHARLEROI THE BEST

Charleroi has the best fire protection of any town or city in this community. Also it profits more by its fire protection than any other in the community through decreases in his deficiency rates on insurance. This fact was admitted by Fire Chief C. H. Landefeld, of Monongahela in his annual report to the Monongahela City councils Monday of this week.

The fire apparatus of Charleroi consists primarily of a combination chemical and hose wagon—which is one of the most useful fire fighting wagons in existance—a hook and ladder wagon, and a number of hose trucks which are distributed at various points over the town. In addition to these devices of protection, Charleroi had the benefit of a good bell fire alarm system and mill whistle alarm. There are six companies connected with the Charleroi fire department, this taking in four companies besides the two at the central station. There are four substations over the town, where hose apparatus is kept. There are about 80 men connected with the fire company. The value of the equipment is given as $6,690, while the average expenditure each year for the last ten years has been $850. Charleroi has a valuation of $3,463,000. In 1912 the fire department received from the auditor general $295. The deficiency rate now in force in fire defense is 18 cents per $100. In 1909 the deficiency rate was 27 cents per $100. There are 62 fire plugs, costing a year $35 each.

In Monessen, which has a valuation of $5,542,425, a horse drawn wagon furnished with chemicals, ladders and other necessities of a hook and ladder wagon is used together with hand hose wagons. There the fire defense is 18 cents per $100. There are no sub-stations.

Donora, with a valuation of $3,964,779, uses a horse drawn chemical and hose wagon, a hook and ladder wagon, and a chemical hand cart, with hand hose carts. Chemical sub-stations and two hose wagon sub-stations are used. Mill whistles are depended upon for fire alarm. The deficiency rate in fire defenses is 24 cents per $100.

Monongahela has a valuation of $3,185,315. Its deficiency in fire defenses is 31 cents per $100 of insurance. Monongahela has a hook and ladder wagon and other hand equipment. It has an up-to-date alarm system similar to Charleroi's.

Comparisons show that Charleroi has the best apparatus of any of the other towns named, and cares for it better and at really less expense than Monessen, Donora or Monongahela. In its deficiency rate on insurance, through the instrumentality of certain civic workers and council, Charleroi enjoys the benefit of lower rates than any of the other towns. There is a possibility that another reduction of 3 cents per $100 of insurance will be declared shortly an investigation having been made recently with that purpose in view by the underwriters department into the fire defenses.

ILLNESS CAUSES CANCELLATION OF PALACE PROGRAM

Owing to the illness of one of the performers in the leading act to have been presented in the vaudeville program at the Palace Theatre tonight, the whole vaudeville program will be omitted for three nights. The performer who is ill is now in the Mercy hospital at Pittsburg. However the bill for the three nights this week will not be weakened perceptibly, inasmuch as there are good pictures booked, one of which is "The Mexican Spy" for tonight.

charities board told him a few more facts.

What he did with the funds he secured through his canvass is yet to be learned. It is understood that his work as carried on in various towns does meet with some good, but in Charleroi the poor board work is recognized generally of the most efficient kind, and his actions only led to suspicion.

Captain John Humbley of Homestead, who is in charge of the Salvation Army work in this district was here this afternoon. COYLE TO GIVE WAR PICTURE IN SHERIDAN'S RIDE

Manager R. S. Coyle of the Coyle Theatre has booked a big feature for next Monday night. This is "Sheridan's Ride," founded on the historical civil war incident of Gen. Sheridan's dashing ride to the scene of the battle of Winchester, where by his presence he turned defeat into a brilliant victory. The film shows all the scenes of the poem entitled "Sheridan's Ride," from the time that the general hears of the route of his army and rides 20 miles and turns defeat into victory. In the picture are 2,000 National guardsmen and 700 cavalrymen, who take part in the battle scenes.

ORDINANCE NO. 252.

An ordinance authorizing the paving, with vitrified brick and curbing of Fallowfield Avenue, from Ninth Street to intersection of Lincoln Avenue, and providing for the collection of two-thirds of the costs thereof from the owners of the real estate abutting thereon.

Whereas, It appears by the petition and affidavit attached thereto, which has been accepted and approved by the Burgess and Town Council of the Borough of Charleroi, that two-thirds of the owners of property, representing not less than two-thirds in number of feet of the properties bounding or abutting on Fallowfield Avenue from Ninth Street to intersection of Lincoln Avenue, have petitioned the Burgess and Town Council to enact an ordinance directing the paving with vitrified brick and the curbing of the above mentioned portion of Fallowfield Avenue two-thirds of the costs and expenses of the same to be assessed upon the owners of property bounding or abutting thereon, according to Act of Assembly; therefore,

Section 1.

Be it ordained and enacted by the Burgess and Town Council of the Borough of Charleroi, and it is hereby ordained and enacted by the authority of the same, that the Burgess is hereby authorized and instructed, as required by ordinance No. 17. Sec. 5, as amended, to advertise for and receive proposals for the paving with vitrified brick, and curbing of said portion of Fallowfield Avenue from Ninth Street to intersection of Lincoln Avenue in accordance with the plans and specifications of the Borough Engineer, approved by the Burgess and Town Council, and to enter into contract, in conjuction with Council, with any responsible party or parties, such being the lowest and best bidder or bidders for said paving and curbing, such party or parties to give satisfactory security to do the work in strict conformity to said plans and specifications of the said Borough Engineer, and under his direction and supervision.

Section 2.

Upon the completion and approval of said paving and curbing and the costs and expenses ascertained, the Burgess and Town Council shall assess two-thirds of the costs and expenses of the same upon the owners of the real estate bounding or abutting thereon by an equal assessment on the feet front bounding or abutting as aforesaid; said assessment to be estimated by the Borough Engineer as required by Act of Assembly, approved the 23rd day of April 1889.

Work of Collection for Poor Here is Interrupted

SALVATIONISTS WORK

On the assumption that the Associated Board of Charities of Charleroi was not doing its duty and was being imposed upon a man representing himself a Salvation Army worker spent a week here getting imposed upon if accounts are correct, while imposing on others. His course was run Wednesday night when he was before Burgess Risbeck. This morning the man is said to have left town.

When the man came he inquired of the poor board concerning their work. Then he undertook some investigation on his own hook, stating that he had some clothing to dispose of. This might have been all right but instead of merely hunting up worthy cases and giving them clothing, he began to solicit funds, telling that the poor board was not accomplishing its work. As a matter of fact it is stated some of the persons to whom he went represented themselves as needy, when they really were not, having been helped by the charities board to the extent of their needs.

Pursuing objectionable plans the the Salvation army man labored and accomplished nothing worth while, while tearing down the good name and fame of the charities board. He was requested to tell his story to Burgess Risbeck and acquiesced. Members of the Asosciated Board of Charities were present. His methods were discovered and he was confronted with statements of his questionable behavior. Burgess Risbeck told him in no uncertain terms that his misrepresentation of facts had put the Associated Board of Charities in a bad light. Other members of the

CALIFORNIANS HELD FOR CICERO MURDER

Grand Jury Returns Indictments in Case From Christmas Killing---Three Are Now In Jail

True bills were returned by the grand jury at Washington Wednesday afternoon in the charges of murder against the Italians who participated in that fight on Christmas morning [illegible] ness, California, resulting in the death of Santo Cicero and Frano Genoa. Cicero was ound dead in the room where the fight occurred some time afterwards. Genoa died later in a Pittsburg hospital. Three of the parties present during the fight, Darben, his wife, and another Italian, were traced across the United States and finally arested at Straitor, Ill., and brought back to the county jail, where they are now confined.

Mike Ruffalo, of Washington, entered a plea of guilty to the charge of selling liquor without license and on Sunday. His attorneys asked the court that in sentencing the defendant that the sentance on the two charges be allowed to run concurrent. Ruffalo is employed by the Hazel Atlas Glass company, and the liquor he sold, it was said, was simply an accomodation [illegible] that the defendant has a family depending on him, his wife having just recently became a mother. The court said the defendant should have thought of his family before he went into the business, but granted the request, and the sentences imposed were allowed to run concurrent. He was fined $500 and costs and three months in jil for selling liquor without license and $50 and costs and 20 days in jail for selling on Sunday.

The grand jury disposed of a number of cases Wednesday. The work for the week is being rapidly disposed of.

DUNBARS GIVE INTERESTING ENTERTAINMENT

Singers, players and bell ringers of a class above the ordinary, the Dunbar male quartet appeared in a most entertaining recital at the Methodist Episcopal church Wednesday evening as one of the attractions on the Charleroi Citizens' Entertainment course. A program rich in numbers well calculated to most please the ordinary run of audiences was presented. The frequent applause greeting the efforts of the young men attested to their popularity.

The quartet could sing. In fact their vocal work was a distinct feature. Only two or three pieces of classical music was attempted by the quartet for vocal rendition, but what were attempted were handled. In dramatic action in the comedy encore parts they made their biggest hits. The crowning feature of the recital judging from applause was nothing more or less than a burlesque of a symphony orchestra's recital.

The two best numbers from a musical standpoint were instrumental numbers. One of them was a violin solo by R. E. McConnell and the other was a trio arrangement for the violin, cello and piano, of the Evening Star overture from Thanhauser. Mr. McConnell rendered "Meditation" from Massenet's noted opera, "Thais." J. M. Wood was the cellist. He gave as a solo number a Hungarian combiposition.

"Narcissus" by Ethelbert Nevin was the first number played with the bells. It was delightfully rendered. For an encore the quartet rendered "Onward, Christian Soldiers." J. A. Nesbit, pianist, chose a strong number for a piano solo and played it exceedingly well. When encored he perpetrated some ragtime that seemed to be all the more enjoyed.

The closing number was a combination bell and vocal rendition of the old hymn, "Jesus, Savior, Pilot Me." It was one of the best of the entire evening. Taken all in all the quartet furnished an evening of unusual enjoyment. The members of the organization are capable and what more could be said.

OFFICERS OF ELECTION ARE PAID IN FULL

Warrants were drawn Wednesday approved by all the commissioners and by the county controller, for the payment of the official election return board for the last November election and their clerks. The warrants drawn call for considerable less than the bill turned in by the official return board.

It will be recalled that the board was busy on the returns for eight days. They turned in a bill for $250. The controller has cut this down to $80, or $10 each for the two members of the official return board. John W. McDowell and Woodward W. Taylor were those officially appointed by the court to count the vote.

The clerks were W. E. Welch and John C. Judson. They returned a bill of $60 each, for six days' work. Their pay is cut down to $30 each. The amount allowed the men, who served on this return board, is $5 a day, which Controller Morrow says is that paid by the state per day, and that the state will not pay a cent more. The bills as cut down are approved by all the commissioners. The matter has been held up since last November.

Charleroi Man Hurt.

C. C. Crill of Fifth street was slightly injured at the Pittsburg Steel mill at Monessen Wednesday night while at work in the billet yard. Mr. Crill was employed at his regular duties as shipping clerk when he was accidentally struck by a pipe and knocked down. He sustained a few cuts, but word was this morning that he would be able to be about in a day or two.

Fire Alarm; Chimney Fire

Scare Only Damage Wrought by Small Blaze at Fallowfield Avenue Home

The firemen were called out between 8 and 9 o'clock Wednesday night by an alarm of fire from near Eighth street on Fallowfield avenue. As on the previous night when a broken hose connection caused some excitement, the scare was the sum total damage. The fire was nothing more nor less than a chimney burning out. No damage was done. and the firemen did not even have to travel the entire distance to the place.

TO PRESENT ORDINANCE

Westside Street Railways Seeking Rights of Way

FOR LINE EXTENSION

An ordinance will be presented to council at their regular adjourned meeting tomorrow night by the Westside Electric Street Railway company asking for rights to use certain streets, avenue and roads in Charleroi for the purpose of its railway system. Extensions are planned by the company on its line through to Bentleyville. Right granted by the ordinance according to the ordinance to be presented will be forfeited if cars are not running within two years.

The plans are to begin at the intersection of First street and Fallowfield avenue and to traverse through private property to and across a public road leading to Speers borough; thence over private property to and across a public road leading to the borough of Twilight; thence over private property to the western borough line of Charleroi. The Westside company offers to construct its railway at the grade adopted by the borough for the streets it will occupy and repair and maintain in as good condition as the continuous portions of streets.

Will Give Dance.

Arrangements are being made by the Colonial club of Belle Vernon for a mid-winter dance to be held in the Iroquois hall, at that place on Friday, February 7. Special cars will be run to Monessen and Charleroi and preparations are being made to entertain at least 75 couples. A Pittsburg orchestra has been engaged.

Proposed Amendment Gets Large Majority on First Test

GOES TO SENATE NOW

Upper Body of State Legislature to Consider Matter --Other Bills Taken Up

Harrisburg, Feb. 6.—After some lively debating and warm speeches for and against, the house voted by a majority of 131 to 70 to submit the amendment for woman suffrage. If the senate passes the bill and the legislature of two years hence again approves, the question will go to the voters in 1915.

Many women were present in the gallery when the vote was taken, and greeted the result with a Chautauqua salute. Among the 170 affirmative votes were practically all of the Democrats, all of the Progressives, and some of the regulars. A majority of the Philadelphia delegation voted against the measure, and 16 of the 24 from Allegheny county voted for it. Speaker Alter voted negatively. Brownlee, Post and Carson of Washington voted for the bill.

The proposed mother's pension bill is being vigorously attacked, many women opposing the measure. Senator Joe Thompson, of Beaver who is an athletic coach, and therefor opposed to the smoking of cigarettes, has presented a bill in the senate to make it a misdemeanor for minors to smoke cigarets. Minors caught smoking can be fined $5 or given five days in jail if they refuse to tell where they got their cigarets.

Representative John Lowers of Alleghany county presented a resolution in the house authorizing the appointment of a commission to investigate the labor troubles at Rankin. The Ways and Means committee reported negatively on the bill to repeal the mercantile tax. The legislature will adjourn tomorrow until Monday.

MISSION WORKERS DISCUSS CHINA

The Woman's Foreign Missionary society of the Methodist Episcopal church was entertained Wednesday at the home of Mrs. J. F. Laird who was assisted by Mrs. Della Halstead and Mrs. Jennie Jolliffe. The greater part of the afternoon was devoted to the study of "Education in China." Mrs. A.R. Mountsier very ably discussed the third chapter of the textbook, "China's New Day." "Our Leading Schools in China" was given by Mrs. W. R. McKean. A leaflet entitled "Bright Bits From School Exepriences" was read by Mrs. F. J. John and Mrs. C. R. Trew read "A Flying Journey to Haitang." Several new members were received.

SOMETHING TO TAX.

One of the anomolies of the times when congress or the state legislature is in session is the eternal quest of some of the members for something more to tax. These members seems to labor under the delusion that a constantly increasing public revenue is necesasry in order that appropriations may be made just to spend it. Under this policy the present revenuss are usually disbursed up to the limit, and if there are more public perquisites there must be more taxation of the people.

The latest addition to the source of taxation is a federal income tax. The rate is yet to be fixed by congress. It is presumed that it will begin with incomes above the limit that will be burdensome to working people, yet there is a possibilty, with the privilege to tax incomes, that in times of government stress it may be applied impartially to all, just as was the stamp tax during the civil war. In addition to this the various states have been flirting with the income tax, and Wisconsin already had this system of taxation in operation before the amendment ratifying the income tax of the federal government became operative. It is posisble that our own state later on, if it keeps appropriating money lavishly at each session of the legislature, may, in its extremity for something more to tax, adopt a state income tax. In such a case it would begin lower down in the scale than the government income tax.

To the plain people it would appear that the way to increase public revenue is to cut down on the expenditures. Representatives should be taught that they have something more to do than voting appropriations that must come out of the hides of the taxpayers. In Switzerland, where they have direct government, the citizens are averse to paying unnecessary taxes, and the small legislatives councils the people elect to perform the business of the government are as careful as the managing board of a successful private corporation. Each members is paid by the day, and if he is not on the job he is docked for all lost time. In that country public revenue is increased by not spending it unnecessarily.

It may be that in the course of time we will need more revenue in this state, but just now the way to increase the state income is to cut down unnecessary appropriations and to insist that every dollar spent in the public service brings full value received.

THE DIVINE RIGHT.

From the time that the Stuart line of sovereigns in England advocated the divine right of kings, and Louis XIV of France announced "I am the State" the pernicious idea that one class of men is more divinely constituted to govern than another has permeated all classes of society. This was unfortunately manifested in the framing of our own federal constitution, and patterned after by our state constitutions, which debars the people from direct rule in that which most concerns them.

Just now this divine right idea—a relic of barbarism—is manifested in the unreasoning opposition to civic, social and intellectual progress. No more typical exampie was shown than the position of Representative Baldwin of Delaware county, who in a speech in the state legislature this week denounced the proposition to elect United States senators directly by the people. With all the sang froid of a Stuart or a Louis XIV Representative Baldwin announced that he knew better what the people wanted and ought to have than they themselves. His attitude is the same as that which opposes, the initiative, the referendum and the recall, woman suffrage, home rule for municipalities and all the progressive ideas which now prevail. He and his fellows are tainted with the divine right of kings idea and are typical representatives of the class that firmly believes that the people cannot rule themselves.

Like the old Bourbons of France who "forgot nothing and learned nothing," this class is struggling futilely against the waves of progress. Long repression inevitably gives way to expression, and that is what is happening at this particular time. The Bourbons will make a hard fight, but in this as in the past, history will again repeat itself.

PICKED UP IN PASSING

The Brownsville correspondent of the Uniontown Herald relates the following example of "high finance," which came under his observation:

Well can I remember when several years ago I purchased 15 cents worth of seating capacity in the old Bijou theatre in Pittsburg and feasted my "glims" upon "Paid in Full." The title of that bloody melodrama might be an appropriate title for the following story which is going the rounds.

In a certain town along the Monongahela river there are plenty of young fellows who mingle with the colored folks and crap games, not to mention poker sessions which vary from penny ante to the blue azure limit. In this town is a fellow who made a habit of paying his gambling debts with checks. Invariably these checks would not be honored at the cashier's window.

The aforesaid Mr. Bumchecker mingled with the colored folks one evening about five months ago and when he arose from his knees (the correct attitude of all good "naturalists") Mr. Bumchecker was indebted to Mr. Dark, a colored boy, to the extent of $60. The check proved to be of the N. G. variety.

Now just shift your imagination along about five months minus two days. The session was at an end and Mr. Bumchecker arose from the card table a winner. Mr. Goodfellow owed Mr. Bumchecker just $57, lost in the final hand in backing a queen "fily" against "two pairs of sevents."

"I'll give you a check for that $57 in the morning," said Goodfellow. "That's all right," replied Bumchecker, "your credit's good."

It's morning now. Goodfellow is down street bright and early. He is waiting for Mr. Dark, the colored lad with the worthless $60 check. Finally Dark puts in an appearance. After a little parley, Goodfellow buys the worthless check which had been issued by Bumchecker for ten dollars. The chick was so badly worn that it had to be pasted together.

Then Goodfellow proceeded to find Bumchecker in order to settle the $57 debt. Approching Bumchecker, Goodfellow said "Let me have three dollars ,I have a check here for $60 and you give me the $3 difference and the check is yours." Bumchecker "fell" at once. After Goodfellow had received the $3, he handed Bumchecker the worthless $60 check, saying, "This check must be O. K. because you wrote it."

Figure it out. Paying a $57 debt for $7. What is it, "High Finance" or "Paid in Full"?

TWO WOMEN SAVED FROM OPERATIONS

By Lydia E. Pinkham's Vegetable Compound—Their Own Stories Here Told.

Beatrice, Neb.—"Just after my marriage my left side began to pain me and the pain got so severe at times that I suffered terribly with it. I visited three doctors and each one wanted to operate on me but I would not consent to an operation. I heard of the good Lydia E. Pinkham's Vegetable Compound was doing for others and I used several bottles of it with the result that I haven't been bothered with my side since then. I am in good health and I have two little girls."—Mrs. R. B. CHILD, Beatrice, Neb.

The Other Case.

Cary, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible thought I never would be any better until I submitted to an operation, but my husband thought I had better write to you and I did so, stating my symptoms. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your Vegetable Compound."—Mrs. HAYWARD SOWERS, Cary, Maine.

Rural Schools in Good Shape.

The latter part of last week Superintendent L. R. Crumrine visited schools in East Bethlehem and Fallowfield [illegible]. Mr. Crumrine reports that the work of the teachers of Fallowfield township is in the main satisfactory. He was pleased to see teachers conduct recitations without the text book in hand, and says that throughout the county there are more instructors who teach from a general knowledge of the subject matter of the lesson.

The teachers of East Bethlehem township while doing excellent work in the schools have been handicapped owing to an epidemic of measles and scarlet fever which has prevailed among the pupils. The third of a series of institutes arranged by Superintendent Crumrine this winter will be held at Midway on Friday, February 14.

Institute a Great Success.

The farmers institute at West Alexander last week was largely attended by the nearby farmers, and the managers are to be complimented for the success attained. Every speaker engaged, was on hands and made good, while the "home talent" also filled their parts without a default.

If the farmers did enjoy the institute, not all the farmers' horses seemed to appreciate it. In fact one good farmer and his wife were compelled to borrow a lantrn and foot it two miles home, after the institute adjourned Thursday night, because their horse and buggy were gone, not waiting for adjournment. They were relieved of the fear that their horse and rig were stolen on their arrival home by finding the horse, with the buggy still attached to him, but turned over on its side and the horse grazing peacefully in the orchard.

There is much talk at the present time among the business men of Marianna, that thriving little town at the northwest end of the M. & W. to form a Chamber of Commerce. It is the intention of the merchants of Marianna to secure a live representative and have him completely work the whole Ten Mile valley ,advertising it as a fine place to locate, which would not be exaggeration in the least. There is penty of fuel and water supply could be furnished at a nominal expense.

INDIGESTION FIVE YEARS

Relieved By Vinol.

Strength and even life itself depends upon the nourishment and proper assimiliation of food and unless digestion is good the whole body suffers.

Mrs. L. D. Cook, Vineland, N. J. says: "I was sick five years with indigestion. My stomach seemed to have a heavy load in it and at other times it seemed to be tied in knots. Nobody knows how I suffered.

"I tried a great many doctors and a great many kinds of medicine but nothing did any good until I took Vinol. It has helped me wonderfully I am improving fast, feel better and am getting my flesh back again. Vinol has done me a world of good."

We know the great power of Vinol our delicious cod liver and iron tonic without oil, incurring chronic stomach trouble and building up all weakened run-down persons and that is why we guarantee to return your money if it does not help you. Piper Bros., Druggists, Charleroi, Pa.

FIRE PROTECTION OF CHARLEROI THE BEST

Charleroi has the best fire protection of any town or city in this community. Also it profits more by its fire protection than any other in the community through decreases in his deficiency rates on insurance. This fact was admitted by Fire Chief C. H. Landefeld, of Monongahela in his annual report to the Monongahela City councils Monday of this week.

The fire apparatus of Charleroi consists primarily of a combination chemical and hose wagon—which is one of the most useful fire fighting wagons in existance—a hook and ladder wagon, and a number of hose trucks which are distributed at various points over the town. In addition to these devices of protection, Charleroi had the benefit of a good bell fire alarm system and mill whistle alarm. There are six companies connected with the Charleroi fire department, this taking in four companies besides the two at the central station. There are four substations over the town, where hose apparatus is kept. There are about 80 men connected with the fire company. The value of the equipment is given as $6,690, while the average expenditure each year for the last ten years has been $850. Charleroi has a valuation of $3,463,000. In 1912 the fire department received from the auditor general $295. The deficiency rate now in force in fire defense is 18 cents per $100. In 1909 the deficiency rate was 27 cents per $100. There are 62 fire plugs, costing a year $35 each.

In Monessen, which has a valuation of $5,542,425, a horse drawn wagon furnished with chemicals, ladders and other necessities of a hook and ladder wagon is used together with hand hose wagons. There the fire defense is 18 cents per $100. There are no sub-stations.

Donora, with a valuation of $3,964,779, uses a horse drawn chemical and hose wagon, a hook and ladder wagon, and a chemical hand cart, with hand hose carts. Chemical sub-stations and two hose wagon sub-stations are used. Mill whistles are depended upon for fire alarm. The deficiency rate in fire defenses is 24 cents per $100.

Monongahela has a valuation of $3,185,315. Its deficiency in fire defenses is 31 cents per $100 of insurance. Monongahela has a hook and ladder wagon and other hand equipment. It has an up-to-date alarm system similar to Charleroi's.

Comparisons show that Charleroi has the best apparatus of any of the other towns named, and cares for it better and at really less expense than Monessen, Donora or Monongahela. In its deficiency rate on insurance, through the instrumentality of certain civic workers and council, Charleroi enjoys the benefit of lower rates than any of the other towns. There is a possibility that another reduction of 3 cents per $100 of insurance will be declared shortly an investigation having been made recently with that purpose in view by the underwriters department into the fire defenses.

Beallsville Squire a Veteran.

Justice of the Peace Joseph W. Hill, Beallsville's dispenser of justice has a record of which anyone might be proud. The 'Squire is not, however, in the least "puffed up" about his record. ILLNESS CAUSES CANCELLATION OF PALACE PROGRAM

Owing to the illness of one of the performers in the leading act to have been presented in the vaudeville program at the Palace Theatre tonight, the whole vaudeville program will be omitted for three nights. The performer who is ill is now in the Mercy hospital at Pittsburg. However the bill for the three nights this week will not be weakened perceptibly, inasmuch as there are good pictures booked, one of which is "The Mexican Spy" for tonight.

charities board told him a few more facts.

What he did with the funds he secured through his canvass is yet to to be learned. It is understood that his work as carried on in various towns does meet with some good, but in Charleroi the poor board work is recognized generally of the most efficient kind, and his actions only led to suspicion.

Captain John Humbley of Homestead, who is in charge of the Salvation Army work in this district was here this afternoon. He stated to the Mail that the man who had been gathering subscriptions here, was supposed to be working generally, and had no commission to abuse his authority as he undoubtedly was. As a matter of fact he is not a member of the Salvation Army but merely a man sent out to collect funds for the organization.

COYLE TO GIVE WAR PICTURE IN SHERIDAN'S RIDE

Manager R. S. Coyle of the Coyle Theatre has booked a big feature for next Monday night. This is "Sheridan's Ride," founded on the historical civil war incident of Gen. Sheridan's dashing ride to the scene of the battle of Winchester, where by his presence he turned defeat into a brilliant victory. The film shows all the scenes of the poem entitled "Sheridan's Ride," from the time that the general hears of the route of his army and rides 20 miles and turns defeat into victory. In the picture are 2,000 National guardsmen and 700 cavalrymen, who take part in the batle scenes.

ORDINANCE NO. 252.

An ordinance authorizing the paving, with vitrified brick and curbing of Fallowfield Avenue, from Ninth Street to intersection of Lincoln Avenue, and providing for the collection of two-thirds of the costs thereof from the owners of the real estate abutting thereon.

Whereas, It appears by the petition and affidavit attached thereto, which has been accepted and approved by the Burgess and Town Council of the Borough of Charleroi, that two-thirds of the owners of property, representing not less than two-thirds in number of feet of the properties bounding or abutting on Fallowfield Avenue from Ninth Street to intersection of Lincoln Avenue, have petitioned the Burgess and Town Council to enact an ordinance directing the paving with vitrified brick and the curbing of the above mentioned portion of Fallowfield Avenue two-thirds of the costs and expenses of the same to be assessed upon the owners of property bounding or abutting thereon, according to Act of Assembly; therefore,

Section 1.

Be it ordained and enacted by the Burgess and Town Council of the Borough of Charleroi, and it is hereby ordained and enacted by the authority of the same, that the Burgess is hereby authorized and instructed, as required by ordinance No. 17, Sec. 5, as amended, to advertise for and receive proposals for the paving with vitrified brick, and curbing of said portion of Fallowfield Avenue from Ninth Street to intersection of Lincoln Avenue in accordance with the plans and specifications of the Borough Engineer, approved by the Burgess and Town Council, and to enter into contract, in conjuction with Council, with any responsible party or parties, such being the lowest and best bidder or bidders for said paving and curbing, such party or parties to give satisfactory security to do the work in strict conformity to said plans and specifications of the said Borough Engineer, and under his direction and supervision.

Section 2.

Upon the completion and approval of said paving and curbing and the costs and expenses ascertained, the Burgess and Town Council shall assess two-thirds of the costs and expenses of the same upon the owners of the real estate bounding or abutting thereon by an equal assessment on the feet front bounding or abutting as aforesaid; said assessment to be estimated by the Borough Engineer as required by Act of Assembly, approved the 23rd day of April 1389.
